# How to Launch Your Personal Finance Course for Maximum Impact

## Empowering Students with Real-World Money Know-How

Join us for a 3-hour interactive workshop designed to help you implement your Personal Finance course with confidence. Take a hands-on look at teaching financial literacy effectively with **Lifestyle Math** and the **Online Correction Tool**. Explore practical, step-by-step tools and strategies that make lessons student-centered, engaging, and easy to teach. Learn how to bring money skills to life so your students are future-ready—prepared for success and financial independence. Optional facilitated planning time lets you tailor the course for your classroom immediately.

Built on 30+ years of proven success—and updated and expanded for today's financial literacy mandates—*Lifestyle Math* has helped more than 500,000 students master essential money skills.

### WHAT YOU'LL LEARN:

- How to **bring money skills to life** through a personalized, real-world budgeting project.
- How to **build future-ready students** prepared for workplace success and financial independence.
- How to **translate sophisticated financial topics** into clear, teachable concepts students can grasp, like credit cards, banking, retirement, investing, taxes, and more.
- How to **weave in an extra dose of everyday math** practice that feels personally relevant and engaging.
- How to **strengthen critical thinking and strategic planning skills** as a crucial counterbalance in a world that's increasingly reliant on artificial intelligence.
- How to **leverage each student's planning portfolio** as a powerful tool for counseling, advising, and support.

### WHAT YOU'LL GET:

- A copy of *Lifestyle Math: Your Financial Planning Portfolio*
- **Demo access** to the online correction tool
- An optional **30-minute planning session** with a curriculum support specialist to customize your course

### WHO SHOULD ATTEND:

- **Instructors** preparing to teach or currently teaching a personal finance course
- **Administrators** responsible for meeting financial literacy mandates
- **School counselors** supporting students' financial literacy, future planning, and college/career readiness
